About CCSA

01

CENTRE FOR COMPUTER SCIENCE AND APPLICATIONS

Hailing from the prestigious **Dibrugarh University**, a university with a rich history since 1965, CCSA is a pioneer in computer education in North-East India. Originally established as a Computer Centre in 1976, it was upgraded to the Centre for Computer Studies (CCS) in 2004 and renamed to its current title in 2018.

Academic programs

CCSA offers the following courses in computer science and applications:

- **Bachelor of Computer Application (BCA):** A three-year, six-semester program.
- **Master of Computer Application (MCA):** A two-year, four-semester program.
- **Post-Graduate Diploma in Computer Application (PGDCA):** A one-year, two-semester diploma program.
- **Doctor of Philosophy (Ph.D.)** in Computer Science.

The centre is renowned for its industry-aligned curriculum, state-of-the-art labs, and a record of producing skilled professionals who lead in the tech world. ANAZORI is the embodiment of this spirit—a student-driven initiative that reflects CCSA's commitment to holistic development.

About ANAZORI

02

One Festival, Infinite Possibilities.

ANAZORI is more than just a festival; it's a legacy. For 16 years, it has been the cornerstone of technological and cultural exchange at Dibrugarh University, one of the most venerable institutions. It is the flagship festival of the Centre for Computer Science and Applications (CCSA) at Dibrugarh University. The name itself suggests a meaning aligned with "innovation" or "new horizon", perfectly capturing its spirit. Students from all over Assam come to participate, making it a vibrant celebration of creativity and collaboration.

MISSION

V16.0 promises to be our biggest edition yet, featuring:

- **Cutting-Edge Technical Contest** to test your coding and problem-solving mettle.
- **Hands-On Workshops** led by experts to skill you up for the future.
- **A Thrilling E-Sports Arena** to battle for glory.
- **A Creative & Cultural Showcase** to unleash your artistic spirit.
- **A Vibrant Academic Conclave** to present groundbreaking ideas.
- **Energetic Sporting Events** to foster team spirit.

EVENT 03 / 09

COLOUR THE CANVAS OF IMAGINATION

TULIKA

Drawing & Painting Competition

An artistic event where imagination meets expression. Participants will respond to live themes and create original artworks.

CATEGORIES

- **Solo Participation:** Individual artists showcase their personal creativity and style.
- **Mediums Allowed:** Pencil, watercolor, acrylics, pastels, or mixed media.
- **Judging Criteria:** Creativity, originality, theme interpretation, and technique.

EVENT 04 / 09

CODE THE FUTURE

GAME OF CODES

GOC - Coding Competition

Competitive coding at its finest. Participants solve algorithmic problems, debug code, and optimize solutions under time constraints.

- **Rounds:** Preliminary online/offline round followed by an intense final round.
- **Format:** Solo and group participation.
- **Evaluation:** Accuracy, efficiency, and creativity in solutions.
